

# Advanced Level 2 Lesson

LESSON 2

USING PLACE VALUE NAMES

Place value names can help you keep track when you add in your head.

$$500 + 310$$

5 hundred plus 3 hundred 10 is 8 hundred 10.

Be sure to add digits with the same place value!

$$430 + 500$$

$$430 + 500$$

9 hundred 30,  
or 930

$$5200 + 400$$

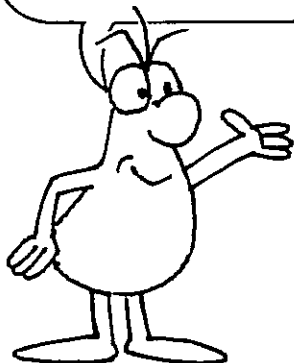

$$5200 + 400$$

5 thousand 6 hundred,  
or 5600

TRY THESE IN YOUR HEAD.

Use place value names.

1.  $340 + 600$

2.  $280 + 500$

3.  $630 + 700$

4.  $700 + 360$

5.  $800 + 240$

6.  $2400 + 500$

7.  $3200 + 700$

8.  $400 + 3500$

9.  $200 + 7600$

10.  $4100 + 400$
