

# You are invited to "Fall for Math" at a Fun Family Math Night!

**Parent Volunteer Training**  
**Tuesday, September 30th, 4:00pm**

**Family Math Night**  
**Thursday, October 2nd, 6:30-8:00pm**

Please join the Madrona community for a harvest-themed FUN family math night! We will creatively explore a GIANT problem and think about math in different ways. Please attend with a parent or guardian and plan to be there the entire time so we can complete the entire activity together. We hope you can join us for this new Madrona tradition! Look for the parent volunteer/donation form if you would like to help out with this event.
